It is MANDATORY to adhere to RPCA policies, please monitor and be mindful of trees/bushes maintenance and overgrowth of ivy along homes and fencing along with ensuring immediate corrections. Please remove all IVY which is growing along the front and back of your home (including fencing). An inspector has come out to various properties and will perform unannounced inspections throughout RPCA. When multiple visits occur and fines are issued, if left uncorrected, you will be given additional fines per visit. Going forward, please ensure monthly lawn maintenance (CLEAN-UP) is performed for front and back areas (ALONG FENCING). There shouldn't be any items left outside of fencing areas in the rear of each home except for trash & recycle bins. There shouldn't be any lawn items kept out front of each home, aside from landscaping stones installed but no LOOSE items. If you do not abide by these rules, you will receive immediate and continuous fines as soon as issues are reported to RPCA.
